

# EZ-SHOPPER 8000 Electric Shopping Cart

## A Transaxle Drive Cart That Turns On A Dime!

The EZ-Shopper 8000 is an innovative "mid-wheel drive" electric shopping cart that offers the superior durability and reliability of a transaxle drive, while providing exceptional maneuverability and unequalled rider safety. Positioning the EZ-Shopper's transaxle drive mid-cart provides maximum power and traction for heavy loads, plus a shorter wheelbase for tight turning in narrow aisles and a more secure and comfortable ride. The EZ-Shopper is virtually maintenance-free; and for those rare maintenance times, the quick-and-easy flip-back rear deck makes it the most service-friendly cart available.

**Highest** overall rider & basket capacity (1000 lbs., 455 kg total)

**Largest** basket size – carries 50% more merchandise

**Exceptional** maneuverability

**Increased** stability for a safer, more comfortable ride

**Proven** reliability resulting in reduced service costs

**Low** power consumption and operating costs

**Minimal** ecological impact with 100% recyclability

**Best** value – low pricing combined with the lowest cost of ownership

**Complete 180° Turn in  
Less Than 6 Feet (1830 mm)**

Ergonomic Solutions for Transport

# EZ-SHOPPER 8000 Electric Shopping Cart

Flip-Up Rear Deck for Easy Service

Thumb Lever Controls with Separate Forward/Reverse Switch Ideal for Mobility Impaired Riders

Cord-on-Board Solid State Battery Charger with Auto Test and Shut-Off

Optional Arm Rest Weldment Mounted Directly to Cart Frame for added Strength

Large Capacity Basket  
• 9100 in<sup>3</sup> (0.15 m<sup>3</sup>)  
• 250 lb. (115 kg)

Battery Charge Indication & On-Board Diagnostics

750 lb. (340kg) Rider Capacity

Durable Shock-Absorbing & Dent-Resistant Decks

Mid-Wheel 0.6 hp Transaxle Drive

Heavy-Duty 1-1/4" Steel Frame

Unlike other electric shopping carts, the Mid-Wheel Drive EZ-Shopper 8000 provides exceptional maneuverability without sacrificing the advantages of a transaxle drive system:

- Superior power with 0.6 hp DC motor & dual drive wheels
- Maximum Traction - drive wheels located directly under the rider
- Economical operation - over 80% motor efficiency
- Quieter running - less than 45 db
- Greater reliability resulting in low maintenance costs & less downtime

The EZ-Shopper 8000's shorter wheelbase also provides increased side stability making it harder to tip compared to other carts. This results in a safer, more comfortable ride. Other standard safety features include:

- Dynamic regenerative breaking system
- Automatic parking brake
- Safety seat switch
- Emergency stop switch
- Reverse warning tone & horn
- Battery charger with inhibit to prevent operation while charging
- Throttle inhibit to prevent movement if throttle is engaged at startup
- Reinforced tiller column with added bracket for extra rider support

## SPECIFICATIONS:

Drive Type:	24 Volt Maintenance-Free Transaxle
Batteries:	12 Volt AGM Maintenance-Free (2)
Dimensions:	55" L x 26" W x 38" H (1395 x 660 x 995 mm)
Weight:	190 lbs. (85kg)
Tires:	8" (200 mm) Non-Marking Solid Rubber
Electrical:	100-240 VAC, 50/60 Hz (4 ampere)
Battery Capacity:	20 hrs. Shopping Run Time
Seat (W x D x H):	18.5" x 18.25" x 12.8" (470 x 465 x 325 mm)
Forward Speed:	2.5 mph (4.0 km/hr) Programmable
Reverse Speed:	1.5 mph (2.4 km/hr) Programmable
Turning Radius:	34" (135 mm)
Max. Weight Rider:	750 lb. (340 kg)
Max. Weight Basket:	250 lb. (115 kg)
Basket Dimensions:	23" L x 25.5" W x 20" H (front) 14.5" (back) (585 x 650 x 510 mm)
Basket Volume:	9100 in <sup>3</sup> (0.15m <sup>3</sup> )
