

MODEL 1080 Pharmacy Delivery Cart

SOLVING YOUR STORAGE AND TRANSPORT NEEDS

Hospitals that need secure delivery of packaged drugs and narcotics between Pharmacy and Nurse Stations will find the solution with the Electro Kinetic Technologies Pharmacy Delivery Cart.

- The Model 1080 Pharmacy Cart will transport patient-specific medication from Central Pharmacy to Medication Rooms at each Nurse Station for storage in patient bins.
- Designed and tested in conjunction with a major Children's Hospital to meet a fast paced, high volume, 24/7/365 performance criteria
- Easily adapted to accept the Pony Express 1060 Tugger or mounted on the Pony Express Motorized Platform Cart for moving multiple carts at a time or for installations with inclines or long haul requirements
